

Supporting the Redlands... and you

Since 2009 the Community Grants and Sponsorship Program has given more than \$1.2 million to over 110 community organisations across the Redlands.

Every year Redland City Council provides grants to individuals and community groups. Grants and sponsorships are offered across the arts, cultural heritage, environment, community development, enterprise development and sport and recreation.

Our comprehensive grants and sponsorship programs are aimed at maximising the benefits to the community and ensuring the fair distribution of resources in our city.

Come along to our **free workshops** held at the beginning of each round to find out more about this program and how to complete an application.

Staff will be available to provide advice on eligibility and to identify the most relevant category(s) for your application. Council staff will also be able to put you in contact with a Community Development Officer who can assist you in developing an application.

Please visit www.redland.qld.gov.au or call 3829 8911 for a full list of Community Grants and Sponsorship workshop dates and venues.

The grant I received helped me to compete at the World Championships in France and win gold.
