

Redlands unleashed

Designated dog off-leash areas

Redlands has a number of designated areas where dogs and their owners can enjoy 'off-leash' time.

Off-leash areas are clearly marked within Council parklands and on signed beach areas. Council also often trials new off-leash areas. Up-to-date information on off-leash areas is available at

redland.qld.gov.au.

Off-leash areas:

- are fenced, partially fenced or unfenced (with clear signage)
- have designated areas for small dogs at some parks
- provide access to drinking water
- share space with wildlife (designated calendar and hours of use apply).

When using dog off-leash areas please remember to:

- respect other users
- check the signage to make sure you are within the boundaries
- control your dog/s (your dog must return to you when called)
- ensure your dog does not chase birds or other wildlife
- ensure all gates in a fenced area are closed (in unfenced areas, it is highly recommended that children unable to control their dog should not use this area)
- be respectful of neighbouring residents
- be mindful of opening and closing times
- supervise children in the area (particularly if they do not have effective control over their dog)
- clean up after your dog and dispose of waste appropriately.

All dogs must be put back on the leash when leaving the off-leash area.

Please note, on-the-spot fines apply [under Council's Local Law No. 2 (Animal Management) 2015] for owners letting their dogs off-leash in non-designated off-leash areas.

For more information contact Council on **07 3829 8999** or visit redland.qld.gov.au.

Off-leash areas by suburb

Please note: as each individual off-leash area is different, and Council is continually upgrading and creating new off-leash areas, it's a good idea to check the signage at your park/beach area for any updates or changes.

Up-to-date information on off-leash areas is also available via Council's website: redland.qld.gov.au.
