17 MEETING CLOSURE 24

1 DECLARATION OF OPENING

On establishing there is a quorum, the Mayor will declare the meeting open.

Recognition of the Traditional Owners

Council acknowledges the Quandamooka people who are the traditional custodians of the land on which we meet. Council also pays respect to their elders, past and present, and extend that respect to other indigenous Australians who are present.

2 RECORD OF ATTENDANCE AND LEAVE OF ABSENCE

Motion is required to approve leave of absence for any Councillor absent from today's meeting.

3 DEVOTIONAL SEGMENT

Member of the Ministers' Fellowship will lead Council in a brief devotional segment.

4 RECOGNITION OF ACHIEVEMENT

Mayor to present any recognition of achievement items.

5 RECEIPT AND CONFIRMATION OF MINUTES**5.1 GENERAL MEETING MINUTES 22 JUNE 2016**

Motion is required to confirm the Minutes of the General Meeting of Council held on 22 June 2016.

6 MATTERS OUTSTANDING FROM PREVIOUS COUNCIL MEETING MINUTES**6.1 REQUEST FOR REPORT – PETITION REQUESTING PENSIONERS' COUNCIL RATES SUBSIDY BE GRANTED TO RESIDENTS OF LEASEHOLD RETIREMENT VILLAGES**

At the General Meeting of 11 May 2016 (Item 8.1.1 refers) Council resolved as follows:

That the petition be received and referred to a committee or the Chief Executive Officer for consideration and a report to the local government.

A report will be presented to a future General Meeting for consideration.

7 PUBLIC PARTICIPATION

In accordance with s.31 of POL-3127 Council Meeting Standing Orders:

1. In each meeting (other than special meetings), a period of 15 minutes may be made available by resolution to permit members of the public to address the local government on matters of public interest relating to the local government. This period may be extended by resolution.
2. Priority will be given to members of the public who make written application to the CEO no later than 4.30pm two days before the meeting. A request may also be made to the chairperson, when invited to do so, at the commencement of the public participation period of the meeting.

3. The time allocated to each speaker shall be a maximum of five minutes. The chairperson, at his/her discretion, has authority to withdraw the approval to address Council before the time period has elapsed.
4. The chairperson will consider each application on its merits and may consider any relevant matter in his/her decision to allow or disallow a person to address the local government, e.g.
 - a) Whether the matter is of public interest;
 - b) The number of people who wish to address the meeting about the same subject
 - c) The number of times that a person, or anyone else, has addressed the local government previously about the matter;
 - d) The person's behaviour at that or a previous meeting' and
 - e) If the person has made a written application to address the meeting.
5. Any person invited to address the meeting must:
 - a) State their name and suburb, or organisation they represent and the subject they wish to speak about;
 - b) Stand (unless unable to do so);
 - c) Act and speak with decorum;
 - d) Be respectful and courteous; and
 - e) Make no comments directed at any individual Council employee, Councillor or member of the public, ensuring that all comments relate to Council as a whole.

8 PETITIONS AND PRESENTATIONS

Councillors may present petitions or make presentations under this section.

9 MOTION TO ALTER THE ORDER OF BUSINESS

The order of business may be altered for a particular meeting where the Councillors at that meeting pass a motion to that effect. Any motion to alter the order of business may be moved without notice.

10 DECLARATION OF MATERIAL PERSONAL INTEREST OR CONFLICT OF INTEREST ON ANY ITEMS OF BUSINESS

Councillors are reminded of their responsibilities in relation to a Councillor's material personal interest and conflict of interest at a meeting (for full details see sections 172 and 173 of the *Local Government Act 2009*). In summary:

If a Councillor has a material personal interest in a matter before the meeting:

The Councillor must—

- *inform the meeting of the Councillor's material personal interest in the matter; and*
- *leave the meeting room (including any area set aside for the public), and stay out of the meeting room while the matter is being discussed and voted on.*

The following information must be recorded in the minutes of the meeting, and on the local government's website—

- *the name of the Councillor who has the material personal interest, or possible material personal interest, in a matter;*
- *the nature of the material personal interest, or possible material personal interest, as described by the Councillor.*

A Councillor has a **material personal interest** in the matter if any of the following persons stands to gain a benefit, or suffer a loss, (either directly or indirectly) depending on the outcome of the consideration of the matter at the meeting—

- (a) the Councillor;
- (b) a spouse of the Councillor;
- (c) a parent, child or sibling of the Councillor;
- (d) a partner of the Councillor;
- (e) an employer (other than a government entity) of the Councillor;
- (f) an entity (other than a government entity) of which the Councillor is a member;
- (g) another person prescribed under a regulation.

If a Councillor has a conflict of interest (a real conflict of interest), or could reasonably be taken to have a conflict of interest (a perceived conflict of interest) in a matter before the meeting:

The Councillor must—

- *deal with the real conflict of interest or perceived conflict of interest in a transparent and accountable way.*
- *Inform the meeting of—*
 - (a) *the Councillor's personal interests in the matter; and*
 - (b) *if the Councillor participates in the meeting in relation to the matter, how the Councillor intends to deal with the real or perceived conflict of interest.*

The following must be recorded in the minutes of the meeting, and on the local government's website—

- (a) *the name of the Councillor who has the real or perceived conflict of interest;*
- (b) *the nature of the personal interest, as described by the Councillor;*
- (c) *how the Councillor dealt with the real or perceived conflict of interest;*
- (d) *if the Councillor voted on the matter—how the Councillor voted on the matter;*
- (e) *how the majority of persons who were entitled to vote at the meeting voted on the matter.*

A conflict of interest is a conflict between—

- (a) *a Councillor's personal interests (including personal interests arising from the Councillor's relationships, for example); and*
- (b) *the public interest;*

that might lead to a decision that is contrary to the public interest.

11 REPORTS TO COUNCIL**11.1 OFFICE OF CEO****11.1.1 REVENUE POLICY 2016-2017 (POL-1837)**

Objective Reference: A1846801
Reports and Attachments (Archives)

Attachment: [Revenue Policy POL-1837](#)

Authorising/Responsible Officer:

Deborah Corbett-Hall
Chief Financial Officer

Report Author:

Katharine Bremner
Acting Finance Manager, Financial
Planning
Noela Barton
Finance Manager, Financial Planning

PURPOSE

The purpose of this report is to present the 2016-2017 Revenue Policy to Council for adoption.

BACKGROUND

Section 104(5) of the *Local Government Act 2009* (Qld) requires a Local Government to have a Revenue Policy as part of its financial management system.

Council annually reviews its Revenue Policy as part of the budget development process. Following adoption of the Long Term Financial Strategy on 9 December 2015, Council subsequently reviewed its Revenue Policy for the 2016-2017 financial year.

ISSUES

Council's Revenue Policy outlines its policy position with respect to rates and charges, concessions and recovery of overdue amounts. The policy also provides high level intent on Council's cost recovery methods and the extent of funding by charges for any new development with respect to the associated physical and social infrastructure costs.

The draft policy attached was workshopped with Councillors and there are no outstanding issues with the policy.

STRATEGIC IMPLICATIONS**Legislative Requirements**

Section 104(5) of the *Local Government Act 2009* (Qld) requires a Local Government to have a Revenue Policy as part of its financial management system.

Section 169 of the *Local Government Regulation 2012* requires that a local government's budget for each financial year must contain a revenue policy.

Section 193 of the *Local Government Regulation 2012* requires the revenue policy to be reviewed annually and in sufficient time to allow an annual budget to be adopted for the next financial year and provides the content that must be covered in a revenue policy, namely:

- a) The principles to be applied for:
 - Levying rates and charges;
 - Granting concessions for rates and charges;
 - Recovering overdue rates and charges; and
 - Cost-recovery methods.
- b) The purpose for concessions that are granted.
- c) The extent to which physical and social infrastructure costs for a new development are to be funded by charges for the development.
- d) The guidelines that may be used for preparing the revenue statement.

Risk Management

Council's Long Term Financial Strategy contains risks, issues and mitigation strategies aligned to revenue and pricing. Additionally, the Financial Services Group annually reviews its risk register to ensure policies and practices are current and responsive to corporate revenue risks.

Financial

The financial implications and intent contained within the attached policy have been discussed as part of the budget development process.

People

Nil impact is expected as the purpose of the report is to present a Revenue Policy in accordance with section 192 of the *Local Government Regulation 2012*.

Environmental

Nil impact is expected as the purpose of the report is to present a Revenue Policy in accordance with section 192 of the *Local Government Regulation 2012*.

Social

Nil impact is expected as the purpose of the report is to present a Revenue Policy in accordance with section 192 of the *Local Government Regulation 2012*.

Alignment with Council's Policy and Plans

This report has a relationship with the following items of the 2015-2020 Corporate Plan:

- 8 Inclusive and Ethical Governance:** Deep engagement, quality leadership at all levels, transparent and accountable democratic processes and a spirit of participation in local decision-making to achieve the community's Redlands 2030 vision and goals.

8.2 Council produces and delivers against sustainable financial forecasts as a result of best practice Capital and Asset Management Plans that guide project planning and service delivery across the city.

CONSULTATION

The annual review of Council's long term financial strategy was held between October and December 2015 when the policy intent was reviewed and confirmed. Councillors, the Executive Leadership Team and finance officers considered the 2016-2017 Revenue Policy as part of Council's annual budget development process.

OPTIONS

1. Council resolves to adopt the attached 2016-2017 Revenue Policy POL-1837.
2. Council resolves to amend the attached 2016-2017 Revenue Policy prior to its adoption.

OFFICER'S RECOMMENDATION

That Council resolves to adopt the attached 2016-2017 Revenue Policy (POL-1837).

Revenue Policy

Version Information

Head of Power

Section 169(2) of the *Local Government Regulation 2012 (Regulation)* requires a local government to include in its financial budget a revenue policy. Section 170 of the *Regulation* requires a local government to adopt a budget each financial year.

Section 193(3) of the *Regulation* requires a local government to review its revenue policy annually in sufficient time to allow an annual budget that is consistent with the revenue policy to be adopted for the next financial year.

Policy Objective

The purpose of this Revenue Policy is to set out the principles used by Council for:

- The making and levying of rates and charges;
- Recovery of overdue rates and charges;
- Exercising of concession powers in relation to rates and charges;
- Community Service Obligations;
- Application of user pays models;
- Revenue from commercial activities;
- Revenue from other external sources; and
- Setting cost-recovery fees.

Policy Statement

Council will be guided by the following principles:

Accountability — Council will be accountable to the providers of funds to ensure those funds are applied efficiently and effectively to satisfy the objective for which the funds were raised.

Transparency — Council will be transparent in its revenue raising activities and will endeavour to use systems and practices able to be understood by the community.

Representation — Council will act in the interests of the whole community in making decisions about rates and charges.

Sustainable financial management — Council will ensure it manages revenue diligently and that the application of funds is founded on sustainable strategic objectives which result in timely and optimal investment in identified priorities.

Fairness — While the rating legislation requires Council to use property valuations as the basis for raising rate revenue, Council will monitor the impact of valuation changes and moderate increases where possible.

Differentiation of categories — Council will apply different rates to various categories of property that will reflect the particular circumstances of the categories and Council's policy objectives related to those categories.

Special needs and user pays — Council will draw from various revenue sources to fund special needs including (but not necessarily limited to):

- separate rates or charges for whole of community programmes;
- special rates or charges for recovery of costs from beneficiaries;
- utility charges for specific services based generally on usage;
- statutory fees and charges in accordance with legislation, regulation or local laws;
- commercial fees and charges where users can clearly be identified.

Social conscience — Council will apply a range of concessions (e.g. for pensioners and institutions) and will accommodate special circumstances where hardship can be demonstrated.

Making and Levying of Rates and Charges

In levying rates and charges, Council will schedule the issue of rate notices quarterly in the months of July, October, January and April.

Differential General Rates

General Rate revenue provides essential whole of community services not funded through subsidies, grants, contributions or donations received from other entities, or not provided for by other levies or charges.

Council will consider full cost recovery options before calculating the differential general rate.

Rating legislation requires the general rate to be calculated on the Value of the land, however Council recognises that various segments of the community impact on and use services, activities, and facilities differently.

When determining the differential rating categories the ongoing changes to community characteristics will be considered along with revaluations, which can have a significant impact on properties.

Due to the socio-economic diversity and the large differences in land valuations with the Redland City area Council will monitor the distribution of rate payers within the Residential rating categories of 1a and 1b to ensure that an appropriate majority are within reasonable boundary levels of the Minimum General Rate of rating category 1a.

Separate and Special Charges

Where it is appropriate, Council will utilise separate and special charges to programmes that benefit the whole community equally or benefit specific groups within the community respectively.

Utility Charges

In setting Utility charges, Council will take into consideration factors such as:

- Legislative requirements, including National Competition policy;
- Council Policy objectives;
- Recovery of sufficient revenue to cover costs and a return on assets;
- Other sources of revenue where appropriate

Exercise of Concession Powers in Relation to Rates and Charges

Chapter 4, Part 10 of the *Local Government Regulation 2012* provides Council with the powers to grant concessions to individuals and classes of land owners. Council has determined that pensioners (owner occupiers) as defined by the *Local Government Regulation 2012* are entitled to receive concessions on rates and various other services that Council provides to the community. Other charitable organisations, community groups, sporting associations and independent schools may also be entitled to concessions.

Pursuant to section 120 of the *Local Government Regulation 2012* Council will provide a concession to property owners whose land is being exclusively used for the business of farming (primary production) to assist and encourage endurance in their particular industry, which will benefit the economic development of the City as a whole.

Recovery of Overdue Rates and Charges

In accordance with section 120(1)(c), 121(b) and 122(1)(b) of the *Local Government Regulation 2012*, Council will continue to provide flexibility to rate payers and sundry debtors experiencing demonstrated financial hardship by entering into short to long term arrangements.

Interest will be charged on rates and charges outstanding past the due date unless a mutually agreed arrangement is in place and is honored. If an arrangement defaults, it will be cancelled and interest charged.

Cost effective processes will be applied in the recovery of overdue rates and charges.

Community Service Obligations

In accordance with Corporate Policy-2658 Community Service Obligation Policy Council may subsidise the operations of commercialised business units or activities in order to achieve social, economic, environmental or other objectives associated with, or incidental to, the delivery of services by those business units or activities.

Council may charge for such activities at a rate less than the full cost price of a service. The difference between the full cost price and the actual charge will be treated as a Community Service Obligation (CSO). CSOs must be transparent, fully costed, and funded. Each CSO will be funded from an identified budget.

Council will continue to support existing community service obligations for Water and Wastewater charges provided for under:

CMR Team use only

- Corporate Policy POL-3028 — Application of Water Charges
- Corporate Policy POL-3027 — Application of Wastewater Charges
- Corporate Policy POL-1234 — Trade Waste

These community service obligations will be reviewed regularly to ensure they continue to form part of Council's strategic objectives.

In addition Council will provide the following Water Charge Remission Policies:

- Corporate Policy POL-2592 Concealed Leaks Policy
- Corporate Policy POL-0027 Water Charge Remissions for Home Dialysis Machine Users

Application of User Pays Models

Council supports the principle that there is an increased focus on user pays models and that these will be developed where they are considered appropriate and in accordance with policy.

Council has adopted the policy of a conservative approach to increases in fees and charges with a view to minimising excessive impacts on user pays groups. There is also need to consider Community Service Obligations (CSOs) when considering this principle.

Revenue from Commercial Activities

In order to minimise price increases on residents through the General Rate, Council is committed to exploring additional or alternative revenue streams through the establishment of business activities under the National Competition Policy framework where this is appropriate and in accordance with policy.

In doing this the following principles will be considered:

The adoption of a business activity is to ensure that the creation of a competitive environment will encourage Council to better identify and specify what it actually does and why.

The determination of the standard and quality of each business activity required based upon community/customer expectations and achieving best value for money irrespective of whether the service is delivered by an internal or external provider.

By concentrating upon outcomes rather than processes, service specification is likely to encourage innovation and new solutions to meeting the needs and expectations of the community and customers.

Revenue from Other External Sources

Where possible, Council will seek to supplement revenue through application for external grants and subsidies. Every opportunity will be taken to maximise revenue in support of capital and operational spending. External funding, however, must be strategically targeted and in alignment with community and corporate objectives.

Cost-recovery fees

Section 97 of the *Local Government Act 2009* allows Council to set cost-recovery fees.

The Council recognises the validity of fully imposing the user pays principle for its cost-recovery fees, unless the imposition of the fee is contrary to its express social, economic, environmental and other corporate goals (such as, for example, the community service obligations outlined above) . This is considered to be the most equitable and effective revenue approach, and is founded on the basis that the City's revenue base cannot subsidise the specific users or clients of Council's regulatory products and services.

However, in setting its cost-recovery fees, Council will be mindful of the requirement that such a fee must not be more than the cost to Council of providing the service or taking the action to which the fee applies.

Infrastructure Charges

Infrastructure charges imposed on new development for the provision of local government trunk infrastructure are currently regulated by the State Government. They are subject to annual indexation but only to the extent that the maximum regulated charge rate is not exceeded. The breakup of the residential development charge to constrained reserves for each network is as follows:

- Stormwater 7%
- Local Roads 35%
- Cycleways 15%
- Parks 19%
- Community Facilities 3%
- Water Supply and Wastewater 21%

For non-residential development the split is:

- Transport 79%
- Water Supply and Wastewater 21%

Infrastructure charges fund approximately 50-65% of all trunk infrastructure costs planned by Council to meet development growth in the City over the next 15 years.

11.1.2 DEBT POLICY 2016-2017 (POL-1838)

Objective Reference: A1825899
Reports and Attachments (Archives)

Attachment: [Debt Policy 2016-2017](#)

Authorising/Responsible Officer: 
Deborah Corbett-Hall
Chief Financial Officer

Report Author: Katharine Bremner
Acting Finance Manager Financial Planning

PURPOSE

The purpose of this report is to adopt a debt policy for the 2016-2017 financial year in accordance with section 192 of the *Local Government Regulation 2012*. The attached policy outlines the strategic intent of Council with respect to borrowings for the 2016-2017 financial year and an indication of new borrowings.

BACKGROUND

Council reviews its long-term financial strategy annually between October and December and then finalises the annual financial management policies as part of the budget development process. On 9 December 2015, Council adopted the Long-term financial strategy which outlined that new borrowings were not required for the ten year forecast. Council will utilise constrained cash reserves and surplus cash holdings before increasing community debt.

ISSUES

The attached policy is as a result of the 2016-2017 budget development workshops. Council reviews its long-term borrowings with respect to new loans at least twice a year, during the development of the annual financial strategy and also during the annual budget development process. The long-term debt schedule is subject to change as per previous years.

STRATEGIC IMPLICATIONS**Legislative Requirements**

Section 192 of the *Local Government Regulation 2012* requires a local government to prepare and adopt a debt policy for a financial year. The debt policy also forms part of the financial management system alongside other key financial policies, in particular Revenue and Investment.

Risk Management

Council ensures its borrowings are financially sustainable and debt is reviewed on a monthly basis. Council officers work closely with Queensland Treasury Corporation to manage the debt and only propose to borrow monies when the funds are required in addition to surplus cash holdings and the interest and repayment amounts are

affordable over the life of the loan, based on the forecasts contained in Council's Long-Term Financial Strategy.

Financial

The financial implications contained within the attached policy have been discussed as part of the budget development process and the Key Performance Indicators (KPIs) contained with Council's Financial Strategy demonstrated the proposed borrowings are financially sustainable.

People

Nil impact is expected as the purpose of the report is to present a Debt Policy in accordance with section 192 of the *Local Government Regulation 2012*.

Environmental

Nil impact is expected as the purpose of the report is to present a Debt Policy in accordance with section 192 of the *Local Government Regulation 2012*.

Social

Nil impact is expected as the purpose of the report is to present a Debt Policy in accordance with section 192 of the *Local Government Regulation 2012*.

Alignment with Council's Policy and Plans

This report has a relationship with the following items of the 2015-2020 Corporate Plan:

8 Inclusive and Ethical Governance: Deep engagement, quality leadership at all levels, transparent and accountable democratic processes and a spirit of participation in local decision-making to achieve the community's Redlands 2030 vision and goals.

8.2 Council produces and delivers against sustainable financial forecasts as a result of best practice Capital and asset Management Plans that guide project planning and service delivery across the city.

CONSULTATION

The annual review of Council's long term financial strategy was held between October and December 2015 when the policy intent was reviewed and confirmed. Councillors, the Executive Leadership Team and finance officers considered the 2016-2017 Debt Policy as part of Council's annual budget development process.

OPTIONS

1. Council resolves to adopt the attached Debt Policy for 2016-2017.
2. Council resolves to amend the attached Debt Policy prior to its adoption.

OFFICER'S RECOMMENDATION

That Council resolves to adopt the attached Debt Policy (POL-1838) for 2016-2017.

Debt Policy

[Version Information](#)

Head of Power

Section 104 of the *Local Government Act 2009 (Qld)* (the Act) requires a Local Government to produce a Debt Policy as part of its financial management system. *The Act* also defines Council as a statutory body and subsequently Council's borrowing activities continue to be governed by the *Statutory Bodies Financial Arrangements Act 1982 (Qld)*.

Policy Objective

To ensure the sound management of Council's existing and future debt after assessing and minimising all associated risks in accordance with the annually revised and adopted Long-Term Financial Strategy (Financial Strategy).

Policy Statement

Council is committed to:

1. Only using long-term borrowings (between 2 and 20 years) to finance capital works that will provide services now and into the future. No long-term borrowings will be used to finance recurrent expenditure and the operational activities of the Council;
2. Utilising its existing constrained cash reserves when seeking funding for capital works. The use of any existing cash reserves will be subject to the purpose of the reserve in addition to maintaining all relevant financial ratios and measures of sustainability within adopted Financial Strategy targets;
3. Undertaking long-term borrowings for capital works only if the interest and debt principal repayments can be serviced and relevant financial ratios and measures are maintained within approved Financial Strategy targets;
4. Aligning borrowings to specific projects and/or asset classes rather than being pooled to ensure transparency and accountability is maintained. Borrowings will be nominated through the priority needs of the capital program and will be determined through the normal budgetary and approval process of Council;
5. Prepaying debt service payments annually in advance in order to minimise Council's interest expense. The annual payments will be made in July in accordance with the weighted terms of each debt pool;
6. Reviewing its debt regularly and seeking to repay or restructure its debt to ensure repayment in the shortest possible time or resulting in a reduction in interest payments subject to maintenance of key performance indicators in the Financial Strategy;

CMR Team use only

7. Considering new loans only if existing cash balances cannot fund the desired works and the subsequent increase in debt servicing payments allows the total debt servicing ratio to remain within Financial Strategy targets;
8. Ensuring the term of any new loans will be a maximum of twenty years for Water, Waste and General requirements. The debt term shall not exceed the finite life of the related asset/s; and
9. Recovering costs of new loans taken out on behalf of commercial businesses, commercial opportunities, joint ventures, associates or subordinates through the administration of a management fee in line with current market rates.

Proposed Borrowings

New borrowings are restricted to work that falls into one of the following three categories:

- **Risk Management** – Council's Financial Strategy outlines risks and opportunities in key areas in addition to Council's risk management register;
- **Asset Management** – Council's long-term asset and service management plans will outline capital spending that may need debt funding; or
- **Inter-Generational Projects** – Projects are defined to be inter-generational if the associated assets have estimated useful lives of 25 years or more.

11.2 COMMUNITY & CUSTOMER SERVICES**11.2.1 DECISIONS MADE UNDER DELEGATED AUTHORITY FOR CATEGORY 1, 2 & 3 DEVELOPMENTS**

Objective Reference: A1827894
Reports and Attachments (Archives)

Attachment: [Decisions Made Under Delegated Authority 05.06.2016 to 18.06.2016](#)

Authorising Officer: 
Louise Rusan
General Manager Community and Customer Services

Responsible Officer: David Jeanes
Group Manager City Planning and Assessment

Report Author: Natalie Manning
Senior Business Support Officer

PURPOSE

The purpose of this report is for Council to note that the decisions listed below were made under delegated authority for Category 1, 2 and 3 development applications.

This information is provided for public interest.

BACKGROUND

At the General Meeting of 27 July, 2011, Council resolved that development assessments be classified into the following four Categories:

Category 1 – Minor Complying Code Assessments and Compliance Assessments and associated administrative matters, including correspondence associated with the routine management of all development applications;

Category 2 – Complying Code Assessments and Compliance Assessments and Minor Impact Assessments;

Category 3 – Moderately Complex Code & Impact Assessments; and

Category 4 – Major and Significant Assessments.

The applications detailed in this report have been assessed under:-

- Category 1 criteria - defined as complying code and compliance assessable applications, including building works assessable against the planning scheme, and other applications of a minor nature, including all accelerated applications.
 - Category 2 criteria - defined as complying code assessable and compliance assessable applications, including operational works, and Impact Assessable applications without submissions of objection. Also includes a number of process related delegations, including issuing planning certificates, approval of
-

works on and off maintenance and the release of bonds, and all other delegations not otherwise listed.

- Category 3 criteria that are defined as applications of a moderately complex nature, generally mainstream impact assessable applications and code assessable applications of a higher level of complexity. Impact applications may involve submissions objecting to the proposal readily addressable by reasonable and relevant conditions. Both may have minor level aspects outside a stated policy position that are subject to discretionary provisions of the Planning Scheme. Applications seeking approval of a plan of survey are included in this category. Applications can be referred to General Meeting for a decision.

OFFICER'S RECOMMENDATION

That Council resolves to note this report.

Decisions Made Under Delegated Authority 05.06.2016 to 11.06.2016

| Application | Description | Category | Applicant | Property Address | Application Type | Decision Date | Decision | Division |

11.2.2 APPEALS LIST CURRENT AS AT 21 JUNE 2016

Objective Reference: A1828156
Reports and Attachments (Archives)

Authorising Officer: 
Louise Rusan
General Manager Community and Customer Services

Responsible Officer: David Jeanes
Group Manager City Planning and Assessment

Report Author: Kim Peeti
Acting Service Manager Planning Assessment

PURPOSE

The purpose of this report is for Council to note the current appeals.

BACKGROUND

Information on appeals may be found as follows:

1. Planning and Environment Court

- a) Information on current appeals and declarations with the Planning and Environment Court involving Redland City Council can be found at the District Court web site using the "Search civil files (eCourts) Party Search" service: <http://www.courts.qld.gov.au/esearching/party.asp>
- b) Judgements of the Planning and Environment Court can be viewed via the Supreme Court of Queensland Library web site under the Planning and Environment Court link: <http://www.sclqld.org.au/qjudgment/>

2. Department of Infrastructure, Local Government and Planning (DILGP)

The DILGP provides a Database of Appeals (<http://www.dlg.qld.gov.au/resources/tools/planning-and-environment-court-appeals-database.html>) that may be searched for past appeals and declarations heard by the Planning and Environment Court.

The database contains:

- A consolidated list of all appeals and declarations lodged in the Planning and Environment Courts across Queensland of which the Chief Executive has been notified.
 - Information about the appeal or declaration, including the appeal number, name and year, the site address and local government.
-

OFFICER'S RECOMMENDATION

That Council resolves to note this report.

11.3 INFRASTRUCTURE & OPERATIONS**11.3.1 SEQWATER BULK WATER CONTRACTURAL PAYMENTS –
DELEGATION TO CHIEF EXECUTIVE OFFICER**

Objective Reference: A1841452
Reports and Attachments (Archives)

Authorising/Responsible Officer: Gary Soutar
General Manager Infrastructure &
Operations

Report Author: Shelley Thompson
PA to General Manager Infrastructure &
Operations

PURPOSE

This report recommends that under s.257 of the *Local Government Act 2009*, Council delegate, to the Chief Executive Officer, the authority to approve recurrent monthly payments to the bulk water supply authority (SEQWater) for Redland City Council's (RCC's) bulk water purchases.

BACKGROUND

The Bulk Water Supply Agreement for south-east Queensland determines that the bulk water customer (RCC) must pay charges to the bulk water supply authority (SEQWater) as invoiced on a monthly basis.

S.360Z of the *Water Act 2000* states the Minister may under the principles of the SEQ Bulk Water Supply Code give SEQWater a direction about the charge payable for bulk services supplied by the SEQ service provider.

A previous delegation was in place but this has now expired, and a new resolution of council is required.

Recent invoices show that the expected monthly charge will be in the order of \$3 million. This will exceed the Chief Executive Officer's (CEO's) delegation of \$2 million.

ISSUES

Should Council not approve this delegation, a report requesting payment of the invoice will need to be brought back to every General Meeting and could delay payment of these invoices.

STRATEGIC IMPLICATIONS**Legislative Requirements**

S.257 of the *Local Government Act 2009* gives Council the authority to delegate this power to the CEO.

Risk Management

Should Council not approve this delegation, a report requesting payment of the invoice will need to be brought back to every General Meeting and could delay payment of these invoices.

Financial

This is a request to operationally support the expedient processing of the accounts on behalf of Council. It is not expected that there will be any financial implications impacting Council as a result of this report as budgetary estimates for the purchase of bulk water have been included in the proposed budget for 2016/17 financial year and accordingly these costs are factored into the pricing of water. If required, any fluctuation of bulk water purchase requirements will be appropriately addressed through Council's revised budget processes.

People

No staff implications.

Environmental

No environmental implications.

Social

No social implications.

Alignment with Council's Policy and Plans

Council's Corporate Plan 2015-2020:

8. Inclusive and ethical governance

Deep engagement, quality leadership at all levels, transparent and accountable democratic processes and a spirit of partnership between the community and Council will enrich residents' participation in local decision making to achieve the community's Redlands 2030 vision and goals.

8.3 Implementation of the Corporate Plan is well coordinated across council and through a delivery mechanism that provides clear line of sight, accountability and performance measurement for all employees.

CONSULTATION

Consultation with the following has been undertaken in the preparation of this report:

- General Manager Infrastructure & Operations;
- Chief Financial Officer;
- Business Partnering team.

OPTIONS

1. That Council resolves to delegate authority to the CEO (under s.257 of the *Local Government Act 2009*) to approve recurrent monthly payments as determined by the Bulk Water Supply Agreement, Bulk Water Supply Code and SEQWater invoice.

2. That Council resolves not to delegate authority and request that every bulk water payment invoice be brought to General Meeting in a report.

OFFICER'S RECOMMENDATION

That Council resolves to delegate authority to the Chief Executive Officer (under s.257 of the *Local Government Act 2009*) to approve recurrent monthly payments as determined by the Bulk Water Supply Agreement, Bulk Water Supply Code and SEQWater invoice.

11.3.2 CYCLING AND WALKING LINKS IN RURAL REDLANDS**Objective Reference:** A1751648**Authorising Officer:****Gary Soutar
General Manager Infrastructure and Operations****Responsible Officer:****Lex Smith
Group Manager City Spaces****Report Author:****Angela Wright
Principal Advisor City Spaces**

PURPOSE

The purpose of the report is to outline ways to develop alternate solutions to providing pedestrian and cycleway movement for people other than using the bitumen road in the rural parts of Sheldon, Mt Cotton and Redland Bay.

BACKGROUND

Cr Julie Talty put forward a notice of motion on 13 January 2016:

14.1.1 Pedestrian and cycleways to connect city's rural areas council resolution

Moved by: Cr J Talty

That Council resolves that:

1. Officers prepare a report for Council consideration on pedestrian and cycleways needed to connect our city's rural areas; and
2. The report include:
 - a. the community and economic benefits;
 - b. the current status; and
 - c. a proposed program for new and improved surfacing which will provide opportunities for pedestrians, cyclists and other recreational users.

ISSUES**Community and economic benefits of connected rural pathways**

The community can benefit in many ways from having better connectivity in their neighbourhood. Some of the attributed benefits arise simply from having the ability to walk or cycle to visit a neighbour. Friends and neighbours are also able to exercise as a group thus building sustainability into the exercise activity.

It could be envisaged that improved community safety comes about from being aware of your surroundings and spotting and reporting vandalism, pests and illegal activity, domestic violence, removing rubbish and assisting injured animals. By doing this, residents will increase their sense of community and the community will increase its resilience.

The health benefits attributed from safely walking, jogging, cycling and being in nature are well known and should be encouraged. Increasing access to recreational walking and activities in neighbourhoods can reduce the incidence of preventable

disease, improve mental health and improve your ability to recover from illness, trauma and surgery through walking for rehabilitation.

Multiple environmental benefits can be attributed from not having to drive your car to go to a place to exercise or to local destinations including shopping centres, including reducing greenhouse gas emissions. Being connected to the environment that you live in increases your chance of being an environmental steward and identifying injured animals and pests.

Economic benefits attributed can include the reducing of health spend from overall improved community health and the potential of increased visitation through nature-based tourism via walking, cycling, camping, bed and breakfast stays, horse riding, trail running and events.

What is currently in place

On the ground:

- A horse trail along Avalon Road
- A horse trail as part of Schoeck Rd to connect Eastern Escarpment and Avalon Rd horse trail
- A variety of trails through conservation areas
 - Wallaby Creek Bushland Refuge
 - Emu Street Bushland Refuge
 - Ford Road Conservation Area
 - Don and Christine Burnett Conservation Area
 - Eastern Escarpment Conservation Area
 - Sandy Creek Conservation Area
- A water main alignment along road corridors that is usually flat and about 1-2m wide
- A mowed footpath along some roads maintained by residents most likely
- Many fire trails through all the conservation areas

However it should be noted that there are no formed or concrete footpaths in the rural part of Redland City.

In the budget:

There are no capital or operation programs in the City Infrastructure group's budget for improving walkability and cycleways in the rural (peri-urban) part of Redland City along the road reserves.

There is a tracks and trails budget in the Enhancing the Visitor Experience program to increase connectivity within and between Redland's Conservation Areas and a fire trail program in the Parks & Conservation budget to construct and manage fire trails.

What people desire:

Most people like walking loops that can be linked to make them longer or shorter. Council needs to consider developing a series of walking and cycling loops and links as well as 'out and back' trails for rural residents and tourists, for example the Emu Street Neighbourhood Circuit. Officers would need to prepare maps to show the possibilities and then prioritise certain roads and loops

A network of trails using the road network and conservation area could be developed that would encourage residents and tourists to explore the environment further thus providing a richer liveability and visitor experience in rural Redlands.

Solutions for improving walkability and connectivity

1. The roads most likely to benefit from increased / improved walkability:
 - Summit Street
 - Pioneer Road
 - Campbell Road
 - Hillcrest Road
 - Kiwi Street
 - Avalon Road
 - Henderson Road
 - Winston Road
 - Taylor Road
 - Woodlands Drive
 - Epraphah Road (for a rear entry into Sirromet)
 - Double Jump Road (up to Warren Street)
 - Giles Road
 - Heinemann Road
 - Bunker Road to the end of Kingfisher
 - Kingfisher Road
 - Springacre Road

2. When prioritising new rural trails and walking circuits, consider trails that connect to walkable conservation areas from residences. A priority could also be providing circuits for exercising and dog walking. Connecting destinations and enabling groups to move between them, e.g. accommodation and activity areas should be examined, as should improving safety, for example increasing the verge immediately off the road so people can safely step onto the verge (off the road) when vehicles approach is important. Missing links in a larger trail system should also be addressed.

3. Categories of treatment
 1. Type A – slash ground level vegetation, lift trees and clear rubbish and weeds
 2. Type B – slash ground vegetation, lift trees and clear rubbish and weeds, level with a bob cat – end pathway not treated
 3. Type C - slash ground vegetation, lift trees and clear rubbish and weeds, level with a bob cat, make a gravel, bitumen or chip seal pathway
 4. Type D – footpath - full concrete treatment
 5. Type E – build a formal path system when the road is upgraded

Actions required:

For roads:

1. Officers undertake an audit of each of the priority roads (or sections of road) and recommend a category of treatment
2. Propose a program of works for consultation, design, estimate and prioritisation over 10 years
3. Prepare a budget program for adoption (e.g. Rural Paths Program) followed by the PMO requirements

For conservation areas and fire trails:

1. Continue to support the Enhancing the Visitor Experience program which includes a prioritised list of tracks and trails to support walking and cycling in and between conservation areas across the city

STRATEGIC IMPLICATIONS

Legislative Requirements

There are no legislative requirements for this project.

Risk Management

Improved safety for pedestrians and cyclists on rural Redland roads would be an injury prevention strategy.

Financial

There are no internal operational costs provided for conducting an audit of the priority roads and developing an annual program of works.

A business case could be developed and put forward for consideration at budget review.

An increase in the annual operational budget for clearing, repairing or upgrading rural footpath could be developed as part of the audit and program development.

People

There would be an increased workload for an internal officer to undertake the audit and prepare the program unless the project is outsourced as a special project. A person would still be required to manage an external contract

Environmental

A range on environmental improvements could be realised including weed clearing along roads, rubbish removal, improved access for people, fauna and emergency services.

Social

Refer to the section on Community and Economic Benefits

Alignment with Council's Policy and Plans

This project aligns with Council's policies and plans including the Seven C's Connection Strategy, Redland Open Space Strategy, Enhancing the Visitor Experience program, the Redland Physical Activity Strategy and the Redland Tourism Strategy.

CONSULTATION

- The author has consulted with Cr Talty and officers from the City Spaces and City Infrastructure groups, all who offered insights and advice on what some of the possibilities might be and what the community expectations are.
- Officers from the Finance, City Spaces and City Infrastructure groups have been involved in discussions and have reviewed this report.

OPTIONS**Option 1**

1. That Officers undertake an audit of each of the priority rural roads in parts of Sheldon, Mt Cotton and Redland Bay (or sections of rural roads) and recommend a category of treatment;
2. Propose a program of works for consultation, design, estimate and prioritisation over 10 years;
3. Prepare a report to Council with a 10-year program of operational and capital works (e.g. Rural Pathways Program); and
4. That officers from City Infrastructure prepare a business case for the project and seek Council funding from a future budget to undertake the audit and program of works.

Option 2

Council notes this report and recommends no further action be taken.

OFFICER'S RECOMMENDATION

That Council resolves as follows:

- 1. That officers undertake an audit of each of the priority rural roads in parts of Sheldon, Mt Cotton and Redland Bay (or sections of rural roads) and recommend a category of treatment;**
- 2. To propose a program of works for consultation, design, estimate and prioritisation over 10 years;**
- 3. To prepare a report to Council with a 10-year program of operational and capital works (e.g. Rural Pathways Program); and**
- 4. That officers from City Infrastructure prepare a business case for the project and seek Council funding from a future budget to undertake the audit and program of works.**

12 MAYORAL MINUTE

In accordance with s.22 of POL-3127 *Council Meeting Standing Orders*, the Mayor may put to the meeting a written motion called a 'Mayoral Minute', on any matter. Such motion may be put to the meeting without being seconded, may be put at that stage in the meeting considered appropriate by the Mayor and once passed becomes a resolution of Council.

13 NOTICES OF MOTION TO REPEAL OR AMEND RESOLUTIONS

In accordance with s.262 *Local Government Regulation 2012*.

14 NOTICES OF MOTION

In accordance with s.3(4) of POL-3127 *Council Meeting Standing Orders*

15 URGENT BUSINESS WITHOUT NOTICE

In accordance with s.26 of POL-3127 *Council Meeting Standing Orders*, a Councillor may bring forward an item of urgent business if the meeting resolves that the matter is urgent.

| Urgent Business Checklist | YES | NO |
|--|------------|-----------|
| To achieve an outcome, does this matter have to be dealt with at a general meeting of Council? | | |
| Does this matter require a decision that only Council can make? | | |
| Can the matter wait to be placed on the agenda for the next Council meeting? | | |
| Is it in the public interest to raise this matter at this meeting? | | |
| Can the matter be dealt with administratively? | | |
| If the matter relates to a request for information, has the request been made to the CEO or to a General Manager previously? | | |

EXECUTIVE SUMMARY

Council or Committee has a broad power under Section 275(1) of the *Local Government Regulation 2012* to close a meeting to the public where there are genuine reasons why the discussion on a matter should be kept confidential.

OFFICER'S RECOMMENDATION

That the meeting be closed to the public to discuss this matter pursuant to Section 275(1) of the *Local Government Regulation 2012*.

The reason that is applicable in this instance is as follows:

- (h) other business for which a public discussion would be likely to prejudice the interests of the local government or someone else, or enable a person to gain a financial advantage.
