

## Community Grants Program - Round 1 2016/17 - Conservation Grants

Grant ID	Organisation Name	Project Title	Project Description	Approval Amount
<b>SUCCESSFUL APPLICATIONS</b>				
CS-171-005	Koala Action Group Qld Inc.	Koala GPS Tracking Project	The grant will be used for a project to determine the movements, habitat requirements and health of a local population of koalas in Cleveland. The project will provide a greater understanding of the requirements of urban koalas, health profiles, build greater community awareness of the local koalas and capture robust data that is essential to inform conservation strategies and strategic planning.	\$ 6,000.00
CS-171-007	Ricky Johns	Ringtail Possum Rehabilitation and Fodder Tools	The project involves the purchase of vital equipment that increases survivability for orphaned and injured wildlife including the purchase of an intensive care unit for critically injured and orphaned marsupials increasing the chance of a compromised orphan surviving the first 24 hours in care. The funding will also be used to purchase equipment to allow appropriate food gathering for the animals in care.	\$ 1,994.30
CS-171-008	Healthy Waterways & Catchments	Conservation of Wild Macadamias in Redland City - Stage 2	Implement recommendations in the recently developed "Wild Macadamia Conservation Action Plan" including undertaking further surveys and research and engaging the Redland's community in wild macadamia conservation.	\$ 9,963.43
CS-171-009	Wildlife Preservation Society / Richmond Birdwing Conservation Network	Eradicating the invasive Dutchman's pipe vine to save the Richmond Birdwing Butterfly	The grant will be used to implement a weed control project on the invasive Dutchman's pipe vine in the Mount Cotton Area.	\$ 9,700.00
CS-171-012	Kym Haughton	Possum and Bird Aviary	The grant will be used to purchase an outdoor aviary to aid in the rehabilitation and soft release of ringtail possums and other Australian birdlife.	\$ 500.00
CS-171-013	Birdlife Southern Queensland	Bird Places of the Redlands Brochure	The grant will be used to produce an educational and informative brochure on bird watching sites in Redland City for visitors and residents.	\$ 4,935.50
<b>TOTAL</b>				<b>\$33,093.23</b>
