

Low-Medium density residential zone checklist

For development that is accepted subject to requirements and assessable development under the low-medium density residential zone code.

Dual occupancies – Acceptable Outcomes

<input type="checkbox"/>	<p>AO1.1 A dual occupancy complies with all of the acceptable solutions specified in the Queensland Development Code part MP1.3.</p> <p>Note – For the purposes of this AO, a reference to a ‘duplex’ in the Queensland Development Code MP1.3 is taken to be ‘dual occupancy’ as defined by the planning scheme.</p> <p>Note – References to the Queensland Development Code MP1.3 for the purposes of this AO are to be applied as if these provisions applied to a dual occupancy.</p> <p>Note – The Queensland Development Code MP1.3 indicates that it is only applicable to Class 1 and associated Class 10 buildings. For the purposes of this AO, the class of building is irrelevant, as long as the development meets the definition of ‘dual occupancy’ as defined in the planning scheme.</p> <p>Note – Other zone code provisions will prevail over this AO to the extent of any inconsistency.</p>
