Thank you Ebrahim,

I fully support the on road solution down Lakefield Drive (Option B) from where the MBC connects with Orana St and Lakefield Drive. There are as many residents upset about the cycleway going on Orana Street footpaths as well. I don't think a report to Council is required as all the options have been fully discussed but I understand if it is required. Happy to meet to discuss in more detail if required. Thanks.

Kind Regards,
