Dear [REDACTED]

**RE: DISPOSAL OF WASTE CHICKENS**

Following an inspection on the 26<sup>th</sup> of June 1998, by Council Officers, I wish to confirm that all waste chickens disposed of on your property had been adequately removed at the time of inspection.

With respect to the future disposal of waste chickens deposited on your property, please be advised that the only acceptable means of disposal is via a licensed waste contractor. Council has notified the Department of Natural Resources of the continuing feral pig problem in the area and the trapping activities being carried out in the vicinity of your property.

I also acknowledge your letter received on the 24<sup>th</sup> of June 1998. With reference to this letter, it was necessary for Council to undertake several inspections of your property to ensure compliance with relevant legislative provisions. The reason for the visits was clearly explained to the representative of [REDACTED] by the Council officers on each occasion.

Should you have any questions regarding this matter, please contact myself on 3286 8564.

Yours sincerely
