

Utility Charges

Utility charges are made and levied in accordance with Chapter 4 Part 7 of the *Local Government Regulation 2012* and Council's corporate policies associated to each charge.

Council will apply utility charges for Community Titles Scheme land in accordance with:

- sections 195 and 196 of the *Body Corporate and Community Management Act 1997*
- section 64 of the *Building Units and Group Titles Act 1980*.

Waste/Recycle Charges

Waste and recycle charges are Utility charges that are made and levied in accordance with section 99 of the *Local Government Regulation 2012* and Council's Corporate Policy WST-003-P Waste Management and Resource Recovery Policy.

The waste/recycle charge is determined by Council to ensure that it is able to cover the costs associated with the provision of the waste management service. The costs include payment to contractors for waste collection, a kerbside recycle service and a voluntary green waste service. Disposal costs are also factored into the charge to cover contractor costs for disposal, site development works, environmental monitoring, management, statutory charges and administration costs, as well as other costs associated with the use of Council's transfer stations by residents and other users. For 2023-2024 Council maintains a full cost pricing model.

Services in excess of those listed in the following schedules are subject to Special Quotation.

Residential Kerbside Collection Services				
Charge Description	Mainland		Island	
	Charge Code (RCC Use)	Annual Amount \$	Charge Code (RCC Use)	Annual Amount \$
Residential 240Lt Waste / 240Lt Recycle	RF01	532.52	RF201	563.24
Residential 140Lt Waste / 240Lt Recycle	RF15	446.24	RF215	528.96
Residential 240Lt Waste / 340Lt Recycle	RF301	532.52	RF218	563.24
