

Security Cameras Policy

Policy Identifier:	CDV-010-P
Approved by:	General Manager Community and Customer Services
Date of Approval:	10 November 2023
Effective Date:	10 November 2023
Review Date:	10 November 2026
Version:	5

Head of Power

This policy supports the delivery of the Corporate Plan *Our Future Redlands – A Corporate Plan to 2026 and Beyond*.

Policy Objective

To define the purpose and use of security cameras by Council through:

- Recognising that a safe community is important to build community spirit, connectedness and wellbeing.
- Supporting a safe community through a range of crime prevention activities including implementation of the Crime Prevention through Environmental Design (CPTED) principles, activation of public spaces, supporting resilience in communities, partnerships with other agencies and, where appropriate, security cameras to protect property.

Policy Statement

Redland City Council, through its Corporate Plan, is committed to providing services that deliver our community's shared vision and collective aspirations; *Naturally wonderful lifestyle. Connected communities. Embracing opportunities*. We are a values led organisation and our organisational values encapsulate what we care about, influence how we operate and support our mission: Make a difference, make it count.

Council is committed to:

- Using security cameras for the purpose of evidence collection related to:
 - Protecting property against crime such as vandalism, theft and graffiti occurring on Council owned or controlled infrastructure, buildings, land and public spaces.
 - Local law infringements such as illegal dumping and parking, and antisocial behaviour (as defined).
 - Interactions between the public and staff in and around Council buildings.
- The sustainable implementation and management of security cameras by:
 - The deployment of security cameras to support core Council functions, including Council asset protection, local law enforcement, monitoring customer service functions.
 - The installation of security cameras on Council controlled land and spaces for non-Council asset protection based on evidence of need determined by crime data obtained from the Queensland Police Service and Council's ability to meet costs to sustainably operate and maintain the equipment. Security cameras will not be prioritised by Council to address matters of State responsibility through the Queensland Police Service.

Security Cameras Policy

- Use of unmonitored security cameras. Redland City Council will not monitor security cameras in real time. However, if partnerships with other statutory authorities are developed the active monitoring of security cameras may be undertaken by that entity at their cost.
- Referring complaints received for criminal and unlawful activity including traffic related offences to the Queensland Police Service for appropriate action.
- Developing partnerships with State Government agencies to collaboratively improve community safety and reduce crime.
- Fulfilling Council's legal obligations in regard to the collection, handling and sharing of personal information in the operation of security cameras.

Council may approve the installation of security cameras on Council owned assets operated by other government or not-for-profit entities for crime prevention purposes. In this instance, to meet Council's information privacy obligations, the security cameras will be entirely under the control of the other entity, and Council would not have access to the camera feeds or the images. Council will not be responsible for the installation, maintenance, operation, provision of supporting services or removal of equipment installed by third parties.

Definitions

Term	Definition
Security Camera	A fixed or temporary video surveillance camera or closed circuit television used to record images that may be viewed by Redland City Council staff or other authorised parties.
Antisocial behaviour	riotous, disorderly, indecent, offensive, threatening or insulting behaviour as described in Schedule 1, 1(a) of Subordinate Local Law No. 4 (Local Government Controlled Areas, Facilities and Roads).
