Further Information

Application Requirements

Site Plan

- Minimum size of plans to be A4 and to be clear, legible and to scale – no graph paper or pencil
- All boundary length measurements of property including north point
- All road frontages. **Note:** Properties on a State Controlled Road require written support from the Department of Transport & Main Roads Ph: 3066 9105.
- Location of all existing buildings on site including the width of building frontage
- Location of all existing and proposed signage on site
- Indicate setback of outer most projection of sign/s to front and/or side boundary of property
- Indicate setback from sewer mains (*free standing signs only*)
- Indicate setback or location of overhead powerlines, telecommunication lines etc

Design Details

- Dimensions of each sign including max. height above natural ground level, width and depth.
- Gross area (m²) of sign/s
- Elevations of building indicating location and exact size of sign
- Indicate overhead clearance from footpath to bottom of sign. (awning, canopy and projecting wall signs only)
- Proposed wording and colours to be used for each sign
- Details of frame construction, bracing, footings and surface materials to be used
- If sign is illuminated – method of illumination

Information

Once the sign has Local Law approval, it is the Applicants responsibility to repair, repaint or renovate the sign when issued with a written notice from the Local Government.

Council conducts regular audits to ensure signs comply with the conditions of the approval.

Applicants that fail to comply with the conditions of an approval may be subject to a penalty infringement notice.

Building Approval

Advertising signs may require Building Approval depending on their size.

Contact your local Private Building Certifier for further information.
