

## Utility charges

Utility charges are made and levied in accordance with Chapter 4 Part 7 of the *Local Government Regulation 2012* and Council's corporate policies associated to each charge.

Council will apply utility charges for Community Titles Scheme (CTS) land in accordance with:

- sections 195 and 196 of the *Body Corporate and Community Management Act 1997*
- section 64 of the *Building Units and Group Titles Act 1980*.

### Waste/recycle charges

Waste and recycle charges are Utility charges that are made and levied in accordance with section 99 of the *Local Government Regulation 2012* and Council's Waste Management and Resource Recovery Policy WST-003-P.

The waste and recycling charge is set by Council to recover the full cost of providing waste management services. This includes collection, kerbside recycling and optional green waste services as well as waste disposal costs, site development, environmental monitoring, statutory charges, administration and operations of transfer stations. Council continues to apply a full cost pricing model in 2026-27.

Services in excess of those listed in the following schedules are subject to Special Quotation.

Residential kerbside collection services				
Charge description	Mainland		Island	
	Charge Code (RCC Use)	Annual amount \$	Charge Code (RCC Use)	Annual amount \$
Residential 240Lt Waste / 240Lt Recycle	RF01	770.48	RF201	814.96
