

Community Grants Program

Build and Thrive Grant 2026/2027 Round 1

Awarded Applications

Grant ID	Years Committed – Multiyear * (if applicable)	Organisation Name	Project Title	2026-27
BTG-2627-R1-02	2026/27	North Stradbroke Museum on Minjerribahh	Roof Restoration & Repairs The project will preserve and protect the Museum building through essential roof remediation works, ensuring it remains safe, weatherproof and fit for purpose. The works will help prevent water damage, protect heritage collections, and support the ongoing delivery of educational, cultural and community programs for future generations.	\$25,465.00
BTG-2627-R1-05	2026/27	Redlands Netball Association Inc.	Redlands Netball Association Sustainable and Inclusive Facility Upgrade: Solar Energy and Spectator Seating The project will install a rooftop solar energy system and new outdoor seating at the Council-leased sporting facility, improving its sustainability and creating a safer, more comfortable and welcoming environment for players, volunteers, officials, spectators and visiting families.	\$40,994.00
BTG-2627-R1-06	2026/27	Redlands Softball Association Inc.	Softball Safety Fencing Improvements - Diamonds 8 The project will improve player and public safety by replacing damaged, non-compliant fencing around Fields 8 with new galvanized steel and chain-wire fencing. The upgrade will reduce injury risks, improve visibility for coaches and spectators, lower maintenance costs, and support the safe and reliable delivery of competitions.	\$12,272.73
BTG-2627-R1-07	2026/27	Redlands Rugby League Club Inc.	Redlands Rugby League Solar Upgrade The project will install a solar energy system to reduce electricity costs, lower environmental impact and improve the facility's long-term sustainability. Energy savings will be reinvested into maintaining grounds and facilities, supporting participation and helping keep community sport accessible and affordable.	\$12,027.20
BTG-2627-R1-09	2026/27	Bay Islands Community Services Inc.	Bay Islands Community Russell Island Centre Airconditioning Replacement The project will replace two irreparable air conditioners servicing the facility's function room and Op Shop, improving comfort and supporting growing community use. The upgrade will increase capacity, accommodate rising demand, and ensure the facility can continue to safely serve its large and expanding user base.	\$9,090.90
Total Build and Thrive Grant Awarded				\$99,849.83
